

NEW YEAR MESSAGE OF PROF. DR. S.M. TARIQ RAFI,
FOUNDING VICE CHANCELLOR
JINNAH SINDH MEDICAL UNIVERSITY, KARACHI

Dear Faculty, Colleagues and Students,

السلام عليكم ورحمة الله

I wish you all a very Happy New Year 2018. The year 2017 near its end was Alhamdulillah a very successful year for the University in every respect. The University was able to start its

Dental College the Sindh Institute of Oral Health Sciences after a long struggle and the first batch of 50 students are admitted. The University has completed all the infrastructure to start the online examination and the dental exams were the first to be held. The University distributed 430 laptops among the high achievers in two phases of Prime Minister Laptop Scheme. The University this year distributed more than 20 million as a part of needy student scholarship program.

The University also achieved the milestone of starting its state of the art diagnostic laboratory which is serving the ailing humanity at the cheapest price with highest standard of quality.

The University this year also hired teachers to upgrade its faculty and now the University has the best faculty of teachers in the province.

The University was able to hold its first Convocation in December on completion of five years, the Convocation was presided by the Hon'ble President of Pakistan and first batch of students of this University got their degrees a proud moment for them, their parents and the University.

We are looking forward to 2018 as a year of progress and prosperity for the University and I need the cooperation of all the stakeholders in making this University the best in the country. Insha'Allah.

PAKISTAN PAINDABAD
