

NOTICE

ATTENTION: FINAL YEAR MBBS STUDENTS OF SMC

All those students aspiring to get their electives done before First Convocation of JSMU on December 17, 2017, are allowed to do so. This decision is taken due to policy changes in the US Residency Matching services for IMGS. This is allowed under following conditions failing which their results will be withheld:

Students with GPA less than 2.5 and short attendance will not get an NOC

The students that do get an NOC from JSMU and also get their elective done will be missing their clinical rotations. These students will have to come back and complete their rotations after exams

They will have to provide ward test results and log books.

PROF. DR. LUBNA BAIG

Pro-Vice Chancellor,
Jinnah Sindh Medical University
June 2, 2017

CC: PS to Vice Chancellor
