[researchsociety.jsmu@gmail.com](mailto:researchsociety.jsmu@gmail.com)**

For all medical students (3rd year  
onwards)

JSMU Students Council in collaboration with APPNA Institute of Public Health will be commencing Research Electives Training Course from 16th October 2017.

Course description:

Duration: 15 days (3 hours per day)

Timings: 10 AM to 1 PM

Registration fees:

SMCians = 2500 pkr

Non SMCians = 5000 pkr

Objective: To provide students with proper basic knowledge of Scientific Research that will enable them to read a research paper, analyze it critically, choose research topic, and write a thorough synopsis.

The course will also help students learn how to enter data and analyze it through SPSS with hands on training.
